ASSETS

In treasury	\$2,036 70
Sinking fund in Savings Bank	1,797 35
Due from collector	301 93
“ county of Grafton	201 85
	<hr/>
	\$4,337 83
Indebtedness Feb. 15, 1902	\$18,817 17
Debt of town Feb. 15, 1901 as reported	\$22,487 87
“ “ 1902	18,817 17
	<hr/>
Decrease of debt	\$3,670 70

NOTE:—In 1901 the actual debt was reported, as here stated, to be \$22,487.87. The sinking fund of \$1,047.35 was there included in the amount reported in the treasurer's hands. It was also reported as a liability, when in fact it should not have been so reported. This error made the indebtedness of the town appear \$1,047.35 larger than it actually was, and decreases the apparent reduction of the debt the past year by so much. The present actual debt is as here reported.

Respectfully submitted,

J. W. SAUNDERS, }
 ALBRO WELLS, }
 F. S. KIRK, } Selectmen.

We hereby certify that we have this day examined the accounts of the selectmen of the town of Bristol for the for the year ending Feb. 15, 1902, and find the same correct, to our best knowledge and belief.

WM. C. WHITE, }
 O. B. FRENCH, } Auditors.

Bristol, N. H., Feb. 21, 1902.

RECOMMENDATION

The selectmen would recommend that the town raise the same amount for town charges as last year—twenty-five hundred dollars, and the same amount for highways—one-half of one per cent.

They would also recommend that the amount for sprinkling streets, and for Memorial day be appropriated from what is raised for town charges.

J. W. SAUNDERS,	}	Selectmen.

MINOT-SLEEPER LIBRARY

The Minot-Sleeper library was first opened to the public Feb. 28, 1885. During the seventeen years that have elapsed since that date the number of books on its shelves have increased from 900 to 5,550. The number of patrons have increased from 482 the first year to 732 the past year, and the library, which was at first considered a luxury, has become a necessity to the community. The circulating library, as an educational factor, for the people at large, has taken great strides in the state during the last fifteen years, and your trustees congratulate the people of the town that Bristol has kept abreast of this advance.

During the past year 420 volumes have been added to the library—a larger number than usual. This has been owing to the liberality of Mrs. W. L. P. Boardman, who generously presented 170 valuable volumes from the library of her deceased husband. Among the reference books that have been added are the Century Dictionary, 6 Vols., and Appleton's Cyclopedia, 28 volumes

The reading-room, supported by the Minnie Maria Day-Jackman fund, is opened one afternoon and two evenings each week, for all who choose to avail themselves of its privileges. It has now on its tables Harpers' Monthly, Harper's Weekly, Atlantic Monthly, Munsey's, Scribner's, The New England, McClure's, Outing, St. Nicholas, Popular Science, Outlook, The Century, Art Interchange, Review of Review, Ladies' Home Journal, North American Review, Youths' Companion, Granite

State Monthly, Leslie's Weekly, Judge and Success. This reading-room is largely patronized by the young, who have made the past year 1,593 visits to its tables. Its value as an educator is very great. Through the liberality of Charles L. Jackman, Esq., who presented this fund to the memory of his deceased wife, a native of Bristol, this reading room was first opened. During the past year this gentleman generously sent his check for \$30 to make good the passing of a dividend by the Capital Fire Insurance Company, in whose stock this fund is invested, and the trustees have been thus enabled to keep the table supplied with the usual amount of literature without a break, during the year.

During the past year a new furnace has been of necessity placed in the basement; some changes have been made in the internal arrangements of the main room the better to accommodate the increasing number of books, and a card catalog, which is a necessity in every modern library, has been commenced, and it is hoped will be completed in the near future.

The trustees have endeavored to be conservative in all their expenditures, but with a growing library, such as ours, the expense account must necessarily increase somewhat from year to year; and this library is no exception to the rule. The town has been very generous in the past and met all the necessary expenses without a murmur, and we have no doubt will continue to generously support this institution in the future.

One subject that the trustees are considering is the opening of the reading-room more hours during the week—possibly on Sunday afternoon. All improvements and increased advantages must necessarily add somewhat to the running expenses, and the trustees simply throw out

these hints that the public may voice its opinion. The trustees are simply your servants, and will endeavor to be guided as far as may be by public sentiment.

SCHOOL REPORT

UNION SCHOOL DISTRICT No. 2

The schools have been in session thirty-six weeks since our last report. We have been remarkably fortunate in securing the services of the same teachers as last year: Miss E. Belle Calley, principal, and teacher in seventh, eighth, and ninth grades; Miss Enid H. Adams in sixth, and advanced sixth grade; Miss Clara Ingalls in fourth and fifth grades; Miss Grace O. Sargent in the second and third grades; Miss Mabel F. Lane in first grade and sub-primary.

In reviewing the work accomplished, it can be truthfully said that the school has never been in a more healthful and prosperous condition, than at the present time.

The teachers, without exception, rank among the very best. They are thorough, both in discipline and instruction. They are also progressive teachers. They endeavor, as far as possible, to avail themselves of the opportunities which the summer schools and other educational institutions afford; also visiting city schools during vacations whenever convenient for them to do so. Miss Calley and Miss Adams attended the Teachers' State Convention in Manchester in October; Miss Ingalls and Miss Sargent, the Summer Institute at Plymouth in August.

We have now a fine graded system. A regular course of study has been adopted, consisting of nine grades, by which, as the pupils finish one grade, they are promoted to the next higher. Examinations for promotion occur

the last week of the Spring term. When they complete the ninth grade they are thorough in the common English branches; also one year each in Concrete Geometry, Elementary Algebra, and Latin; and thus they are well prepared to enter any high school in the State.

It was thought best by the School Board to add Latin to the ninth grade; fortunately a very thorough and enthusiastic teacher was secured, Miss Laura Bragg.

The Normal Music Course is used in the schools. This course is complete in itself, carefully graded, and with distinct and clear plan of development. Excellent results have been attained.

Great success has attended the pupils' efforts in drawing and in water colors. The object of the work is to develop a power to recognize the beauty in nature and art, and to cultivate the power of originality.

Most of the pupils have taken pride in their daily attendance; consequently the percentage of attendance has been high, and the number of Roll of Honor students has increased.

We have a fine list of text-books and great care is taken for their preservation. There has been no change in text-books, although much supplementary reading has been added.

The spirit of harmony and good-will between teacher and scholar is very noticeable in visiting the schools.

No epidemic has entered the school. The law of vaccination has been enforced.

The attention of parents and guardians is called to the fact that the school year begins with the fall term, and that children entering the primary grade will be expected to enter at that time.

A full and complete annual report of the schools has

been sent to the Superintendent of Public Instruction and also to the Selectmen of the town as required by the statute laws of New Hampshire.

Respectfully submitted in behalf of the Board of Education.

REPORT OF SCHOOL BOARD

Our schools have been as good as could be expected under the present circumstances. People are apt to give more attention to business and home interests, while the education of their children is forgotten and neglected.

Parents should remember the law requires the regular attendance of children at school and by keeping them at home they are not only laying themselves liable to a fine, but are depriving others of their rights.

We cannot procure Normal school graduates to teach for the pay we can give, although we have had good teachers. If the parents would see that their children were at school, we should have good schools.

There should be something done in regard to repairs. The school-house in district No. 1 is in a bad condition and hardly fit to be called a school-house. Others are greatly in need of repairs.

Respectfully submitted,

H. T. HEATH,	} School Board.
